

RONALD ARROWSMITH

"Every man has his own pleasures"

"Ron", a natural wit, is one of the best-liked people in the class. Along with his keen sense of humor, he has a sense of dependability.

Baseball; Basketball Manager.

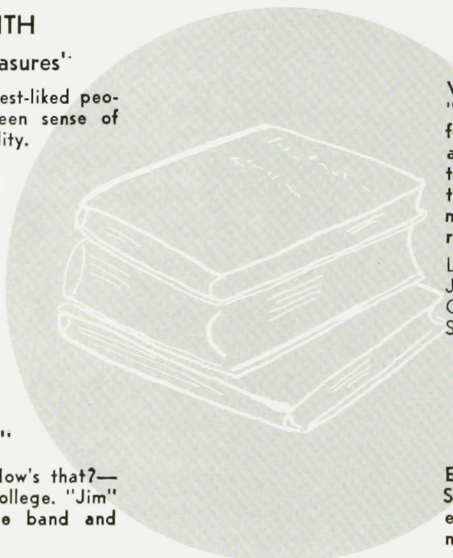

JEANNE LOUISE BARTLESON

"A light heart lives long"

We hate to brag but we think no one could take "Jeannie's" place in our class. Many a gloomy face has been lifted on seeing her sunny smile and hearing her warm hello. This cheerful "Senorita" will undertake the teaching of Spanish to future high school students. We know "Jeannie" will meet this challenge as she has met others—with resourcefulness, efficiency, and understanding.

JAMES BASILE

"Instrumental to fame"

"Jim" has his head in the clouds. How's that?—He's going to study aeronautics in college. "Jim" is also musical for he plays in the band and the Moonglowers.

Moonglowers; Band.

ELEANOR RUTH BELL

"We like her too"

Eleanor is especially enthusiastic about ice skating. She plans to attend college in preparation for elementary school teaching. Her natural friendliness should endear Eleanor to future pupils.
