

DONALD J. McKAY

"He's polishing the brass in the . . . Navy"

"Don," a "cool" dresser, likes fooling around with cars and motorcycles. After graduation he hopes to enter the Navy.

Student Council.

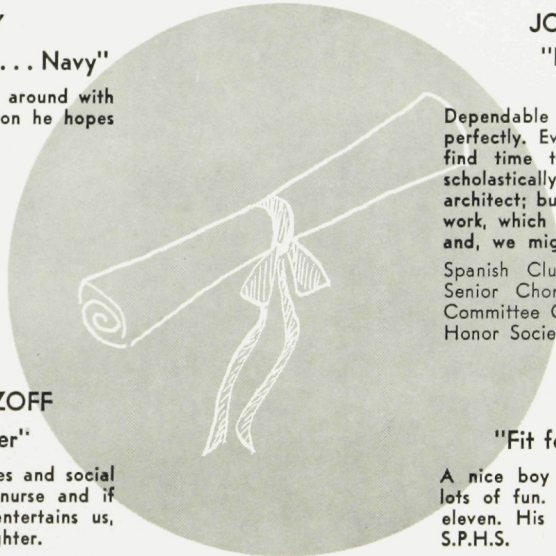

JOHN ROBERT McNAIR

"Life is interesting when you have a purpose"

Dependable and conscientious describe "Jack" perfectly. Even with many activities he seems to find time to remain at the top of the class scholastically. Someday "Jack" will be a famous architect; but before then comes college and hard work, which we know "Jack" is capable of doing and, we might add, doing well.

BARBARA MARIE MENZOFF

"A thimbleful of laughter"

"Barb" adds lots of fun to our classes and social functions. Her ambition is to be a nurse and if she entertains her patients as she entertains us, all her patients will be dying of laughter.

G.A.A.; Library Council.

JOHN MILLER

"Fit for anything life may offer"

A nice boy to know, John is very friendly and lots of fun. He is a regular end on the Raider eleven. His plans are indefinite after he leaves S.P.H.S.
