

NANCY EVELYN BACHELOR

*Gym Leaders' Club.*

This active, soft-voiced senior is new to our school. Her ability to make friends has made "Nance" a welcome addition to our school. After graduation she plans to work and then attend Nyack Missionary College.

ELAINE BAHREY

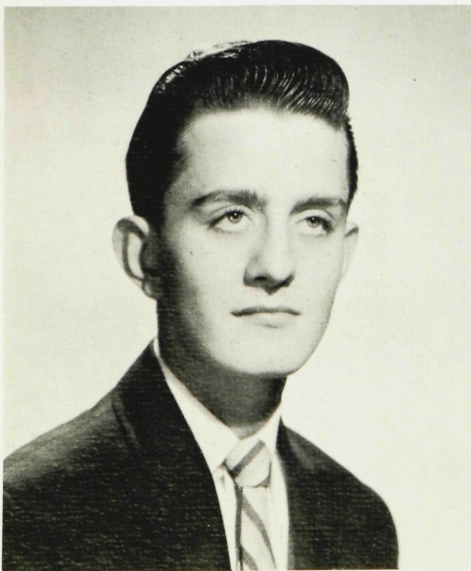

*F.N.A.; G.A.A.; Biology Club.*

Elaine came to Scotch Plains from Irvington in her junior year, and immediately made many friends. Her natural attractiveness and pleasing personality assure her success in years to come. Elaine has chosen nursing as a career, and her friendliness, understanding, and pleasant manner will endear her to her patients forever.

RUDY C. BAKER

*Photography Club.*

Rudy loves cars. He has shown it in the past here at school, and he'll continue showing it in the future. We say this because he plans to attend the General Motors training center. Good luck, Rudy.

DONALD RICHARD BATCHELDER

"Don" will be a very successful workman. He'll study business administration, possibly at a college in Florida. "Don" has always been a bit quiet, but he notices everything. Good luck to you, "Don".
