"Tony" is the cool little guy you see around the school flirting with Freshman girls at any chance. Love of good times, even disposition, and genuine friendliness make him a welcome member of any get-together. Tony plans to attend Montclair State Teachers' College, where he will surely turn into an excellent teacher.

This is a girl who can enliven even the dullest of days. Always smiling and willing to lend a helping hand, that's Noralen. With her refreshing wit and captivating manner Noralen has been known to melt hearts of stone. We wish her luck and happiness and know her future as a teacher shines brightly.

THOMAS JOSEPH JAMES DOWLING

*Men's Chorus; Soccer; Projection Squad.*

"Tom" is one of the hardest working men in our class. That is, when he's not bugging around town in his Stude. We are sure, "Tom", that with your personality and ambition, you will make a fine teacher of industrial arts.

EDWARD S. DRAVECKY, JR.

*Football; Fanscotian, Sports Editor; F.T.A.; Culmen.*

"Ed" is likely to be in the center of a group of laughing people. His sense of humor makes him one of the friendliest seniors in our class. We know "Ed" will make a very popular History and English teacher.
