This year the Art Club has been a very active group with more than just routine meetings. For Christmas they made decorations for the school. They are now learning the basic fundamentals of theatrical make-up with the twenty make-up kits and wigs bought this year. The kits include directions for proper use of pancake make-up, rouge, lipstick, powder, eye make-up and other tricks of the dramatic trade. Mr. Robertson gave instructions for the correct use of these items. The club also hopes to have speakers or artists and take trips to places of interest.
