WRESTLING

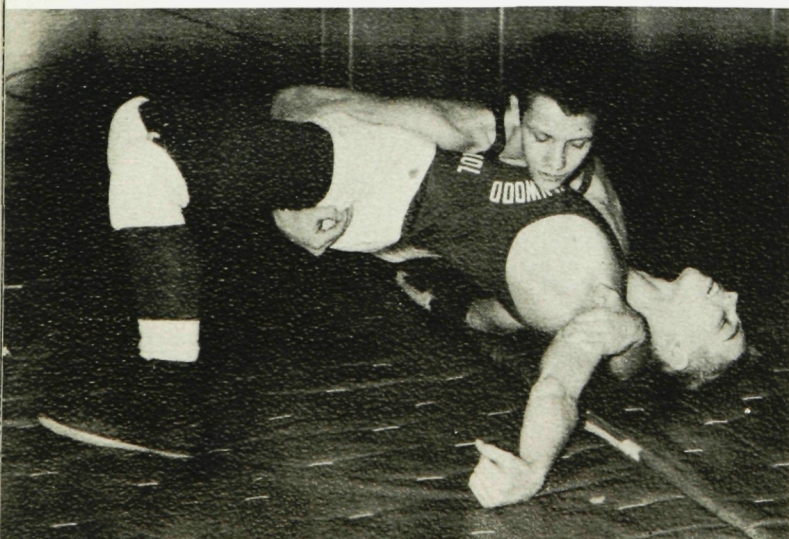

This year's wrestling squad, only in its second year of varsity competition, has been hampered by a lack of experience, but next year, under the continued guidance of Coach Jim Gustave they hope to better their record of 2-7-1. The team has had several individual winners though, in particular Felix Sanquiliano, who went to the finals of the District 5 championships. Next season the Raiders hope to improve greatly as they will have eight returning regular starters.
