INDOOR TRACK

Coach John McCook's Indoor Track Squad, which participated in the Union County and State Relays, wasn't at all handicapped with a lack of facilities. Although they used the long gym corridor as a practice area, it worked very well for the sprints and the hurdles.

A lack of overall depth is the only thing that kept Scotch Plains from gaining a better record.

0 Wins — 7 Losses

Inexperience and lack of adequate facilities were the big drawbacks to the Cross Country team this year. Coach Frank Volpe's squad consisted chiefly of Freshmen and Sophomores, with only a few lettermen back from last year.

Coach Volpe feels his team should come into its own in the next few years providing enough boys turn out for the sport.

The (0-7) record doesn't indicate the team's true strength. In every meet the Raiders placed a man either first or second but the inexperience of the underclassmen prevented the Raiders from achieving an over-all winning record.
