

The Varsity Club can be considered the "Honor Society" of the sports world. Candidates must have three varsity letters, maintain a "C" average, have their teachers' approval, and secure a majority vote of the present members. As members they plan their year's activities under the guidance of Mr. Schnitzer. This year's activities included the selling of candy, setting up the football field before games, and making all announcements regarding sports. The members also act as hosts to any visiting teams and represent our school at all sports events.
