

# CAFETERIA

A most necessary part of our school is the cafeteria staff. They are that cheerful group of people who serve us anything from a hot dinner to a peanut butter and jelly sandwich with a smile and a friendly word. We can count on the Slater System daily for well-balanced meals and special days are always brightened by their appropriate food and decorations. For making our most relaxed period in the day more pleasant, we're certainly grateful to the cafeteria staff.
