GUIDANCE

LAURENCE MASON

During the course of our four years in high school, many problems are solved for us in the capable hands of our Guidance Department. The counselors, headed by Mr. Mason, assist us in planning our program of study, selecting colleges, locating jobs, and any other problems which may occur at any time. They are always willing to help, welcoming the opportunity to answer any questions we may have. As we progress through high school, the aid our Guidance Department gives us becomes more and more indispensable.

"How much?"

"A two hundred on your SAT's?"
