LANGUAGES

MISS MERLE de PAUW

French, Spanish, and Latin—three years of each—are available to ambitious students at S.P.F.H.S. Not only do we learn to read, speak, and understand these strange sounds with ease, but we become better acquainted with the customs, history and songs of each country. A beautiful new laboratory makes learning a foreign language a pleasure. Certainly the knowledge of a language other than our own is invaluable in today's shrinking world.

"Gallia est omnis divisa in partes tres."

"Do you read me?"

"jamais! jamais! jamais!"
