"Clementine" didn't wear boxes for shoes nor was her father a miner, but she did blossom from a tomboy with a football into an attractive young lady with a new interest in boys. What member of the cast or the audience will ever forget the football rolling off the stage into the orchestra pit or the eloquent recital of "Oh, Captain! My Captain"? The class of '62's first dramatic attempt was both a lot of fun and a great success.

The audience is hushed as the curtains part and once again the Class of '62 has another hit. At this moment the long hours of labor put in by all the committees and the cast are rewarded.

The title of this year's play was the popular "Tammy Tell Me True". Popular it proved to the students of Scotch Plains-Fanwood High School. It will be many years before the Class of '62 forgets this memorable production.
