

PUBLICITY COMMITTEE

Mr. Greene

This organization has as its purpose the publicizing of our school functions. It is their job to learn of the activities of each organization and to submit this information in the form of articles to the local newspapers. The work of this committee informs the people of Scotch Plains and Fanwood of student participation in extra-curricular activities.

PHOTOGRAPHY CLUB

Mr. Malesky

Flash: Anyone see spots before his eyes? Well, if you do, it's probably our Photography Club in action. At any sports event at least one picture-taking member may be found. Nothing is too difficult or too impossible for our ingenious group to handle. After taking pictures, the club gets together to analyze and criticize each other's work.
