SCHOOL COMMUNITY SERVICE CLUB

This is a newly-formed organization with its beginnings last year. The School-Community Service Club's objectives include advising school organizations on parliamentary procedures and promoting interest in school, local, and national government. All of its members are greatly interested in the functions of school government and the activities of the school.

RADIO CLUB

Mr. Malesky

"CQ, CQ." This is the general call to all interested and electronically-orientated students to join a club which has tremendous possibilities. Amateur radio is a fast-growing hobby and more high school pupils are becoming "hams" every year. Beginners as well as licensed operators are welcome in this club, as Mr. Malesky's room is equipped for code practice.
