

ADVANCED BIOLOGY CLUB

Mr. Stolt

Members of Advanced Biology Club go more deeply into what they have learned in class. They are currently fixing and staining tissue slides. The club is comprised largely of Senior Biology students.

ELEMENTARY CHEMISTRY CLUB

Mrs. Schlesinger

OFFICERS

President Mead Briggs
 Vice-President Maggie Cullinane
 Secretary Richard D'Arconte

For chemistry students who want to spend more than classroom time in the realm of valences, molecules, and compounds, the Elementary Chemistry Club is the right place. This organization offers its members an opportunity to experiment, both as a group and through individual projects. The knowledge and interest gained here could lead to career in the field of chemistry.

FIRST ROW, left to right: C. Singer, N. Maddock, L. Williams, L. Cowell, N. Winsor. SECOND ROW: G. Koep, S. Winterhalter, M. Cullinane, N. Brown. THIRD ROW: R. Weigle, C. Barbier, K. Horning, D. McPherson, R. Darconte. FOURTH ROW: M. Briggs, B. Zaumen.
