Mr. Schnitzer

OFFICERS

President John Torbyn
 Vice-President Willy Jones
 Secretary-Treasurer John Runnells

Acting as a service organization to the Boys' Physical Education Department, Varsity Club's activities include setting up and taking down equipment for football games, basketball games, and track meets, greeting visiting officials and players, and fostering service and sportsmanship in the school and community. To earn membership into this organization, a boy must either already have his third Varsity letter, or be working on it, maintain at least a "C" grade average, and have the recommendation of all his teachers. With the money raised during the year, they buy jackets for members of the club, sponsor the Watchung Conference Sportsmanship Trophy to promote better sportsmanship, and give the "most valuable player" awards at the Booster Club All-Sports Dinner. It can certainly be said that the Varsity Club helps the Boys' Athletic Department to function efficiently.
