SOCCER

MR. FORMICHELLA
Coach

Passing, dribbling, tackling, goal . . .

From this collection of terms, one might think that soccer is a combination of football, basketball, and ice hockey. Contrary to this conclusion it little resembles any of these sports but rather very different one, a rough sport, which requires great skill in the use of the feet, body, and head as well as an individual who is ready to "come back for more."

Despite a slow start, our soccer team came on fast to finish with an honorable 7-7-3 record for the season: a tribute to Coach Formichella, his long hours of work, and a team S.P.F.H.S. can be proud of.

Cheer up, you did beat them.
