## TWIRLERS

Among the most prominent activities of S.P.F.H.S. is the twirling squad, a group of girls whose skill adds much to the spirit of the school. It is this organization that appears first at each football game and represents our school and band in various activities. Whatever the weather, down the field, on parade, at pep rallies or the "Night of Music," they're always there with their radiant smiles and high-stepping strut as the perfect accompaniment to the band's activities. There is a lot of hard work in learning and practicing new routines, but it is a great honor to be chosen as one of the nine, for they remain on the squad until graduation. Our twirlers are to be commended for their ability, ingenuity, and participation.
