*"Quick—let's look busy!"*

## GUIDANCE

*"I'm sorry. Your son is failing."*

Mr. Laurence Mason

No! The Guidance Department does not just keep tabs on our grades. As we progress from Freshmen to Seniors we are aided in many ways.

This indispensable department sends out our grade transcripts and recommendations, helps us select a college, find full or part-time jobs, and also plans our schedules each year.

The student body is kept well informed about the oncoming events, such as college boards and visiting college representatives, with weekly notices issued.

Yes, the unremitting work and experienced advice given forth by our friendly counselors are well appreciated by the students and their parents.
