

Miss Merlin Depauw

With improved methods of transportation and communication the world is shrinking rapidly, and our need of knowledge of a foreign language is increasing. The Language Department offers us a choice of three, French, Spanish, and Latin—with a maximum of three years in each.

The newly enlarged language laboratory is a valuable aid in helping us with our pronunciation and comprehension. The size of the department has been increased to better cope with the larger number of students studying languages this year. We not only learn to speak the language, but we may study the customs and history of the nations in which the language is spoken. The language clubs provide an opportunity for us to improve our speaking knowledge of the language and to have fun at the same time.

LANGUAGES

"I think she's trying to tell us something?"

It'll sell a million!

"Haben? . . . WHAT???"
