

# Boys

Mr. Raymond Schnitzer

Under the watchful eye of Mr. Formichella and Mr. Sorrentino, the boys' gym class has become a very useful and rewarding part of the Scotch Plains-Fanwood High School curriculum. The tensions of the day are released in such activities as a friendly(?) game of war, football, soccer, baseball, basketball, or gymnastics. Each student is requested and does participate in these activities as well as any other games that are suggested. In addition, the fellows may be fortunate enough to have Mr. Sorrentino lead the class through an invigorating set of calisthenics.

# Girls

Miss A. Lynette Birkins

"Will you please rise for attendance and preparation!" About ten squads of enthusiastic girls dressed in yellow, green, and red then eagerly perform the challenging exercises led by our energetic gym teacher. During the numerous gym activities the students strive to keep physically fit while learning new skills in various areas of sports. Physical education provides a better understanding of sportsmanship and an education of first aid and safety.

"How's it feel to be graceful?"
