Because of the varied and assorted interests in S.P.F.H.S., many aromas are often found floating around the school. The most welcome ones, however, are found stemming from our own cafeteria. Geared to handle the nourishment of our student body and faculty, a well organized staff proves over and over again how important good nourishment is to the well-being of the entire school.

Have you noticed lately how nicely kept our school is, or that unlocking gates is done quickly for a "please" and a "thank you"? If you haven't, it's about time you stopped and took a good look around. These and many other services are performed willingly by the Custodians of our school. They are doing all in their power to make our school something which we, the students of S.P.F.H.S. may be proud of.
