SPANISH CLUB

Mrs. Lyon

SPANISH CLUB OFFICERS

President Ellen Winters
 Secretary Ann Mitchell
 Treasurer Betty Olsen

During the course of this year the Spanish Club has tried to give S.P.F.H.S. students who are interested in Spanish an opportunity to improve their knowledge of the language.

This club was not only designed for oral participation, but also to increase knowledge about the customs and traditions of the Spanish speaking people. The members take part in many Spanish activities, such as "fiestas" and breaking the traditional pinata. Through the efforts of this club, any Spanish II or III student is able to obtain a firmer grasp of Spanish culture!

LATIN CLUB

"Who says Latin is a dead language?" An interested group here in our own school keeps the memory of the Romans living on. The highlight of its many successes is, of course, its Roman Banquet. Here the glory that was once Rome lives again as the patricians (upper-classmen) are waited on hand and foot by their lowly slaves (lower-classmen). Garbed in tunics and togas, and speaking the language of the scholars, this fine group shows us how the ancients did it; and, therefore, successfully prove that Latin is very far from dead.
