

BUSINESS EDUCATION CLUB

The Business Education Club was organized for the purpose of aiding girls to prepare for careers in the business world. Through films, visits to businesses, and guest speakers, the girls are given a better idea of that which lies in the future.

Each year the club has a money-raising project—can you ever forget "Bowers Peanut Crunch?"—which provides for trips, and, what is more important, a scholarship for a girl entering the business world.

BUSINESS EDUCATION CLUB OFFICERS
