## CROSS COUNTRY

What can be said about the cross country team when they have come up with an almost perfect record. Just look for yourself! Sab Orrico led his team on to victory this fall as head coach and, with the help of all those fine athletes under him (and an all-girl rooting squad) has helped more and more to bring cross country into the "spotlight" at S.P.F.H.S.

Although the team will be losing several seniors this year, we know that the remaining members will easily succeed in keeping up the excellence of its past records.

*Harris even leads in practice.*
