BASEBALL
MR. SOCHAN
Coach

One of the sports here in our school which doesn't get much attention, yet is well deserving of it, is baseball. This hard working group spent many hours after school practicing to achieve an ultimate aim. If at times they didn't get that needed hit or stolen base, they still kept their spirits high and came home with colors flying, determined to practice just a bit harder, so that next time victory would be theirs. Their sparkling record shows what can be accomplished by perseverance and drive.

The count is three and two . . .

Nonchalant???
