## LEADERS' CLUB

*Miss Birkins*

If you have ever wondered at the efficiency of the girls' gym classes, you have discovered there is a Leader present. Called the "honor society" of the physical education department, the club members give exercises, check gym classes, and help the teachers keep the interest of the class. With a fellow student Leader at hand, a not-so-"adept" girl will feel not quite so helpless. All aspects of good character are found in these girls as they help to keep up the high standard of the school.
