## WRESTLING

*Mr. Sorrentino*

A sport that has become more prominent and well-known in our school during the past few years is wrestling. Under the expert coaching of Mr. Sorrentino, these boys have brought the honor of many victories both to themselves and to S.P.F.H.S. These wins have meant the sacrifice of time and weight watching on the part of the boys. Perhaps they were also spurred on by the much-appreciated larger numbers of spectators in the stands. Congratulations to the members of the 1964 team.

*The anguishing possibility of a pin.*
