INDOOR TRACK

Mr. Morgan

The indoor track team is one that very few people know anything about, that is unless you happen to be in the back halls after school. These boys practice long and hard and get very little recognition for it. This year, under the direction of Mr. Morgan, the boys won the Union County Relays, and the 880 relay team of Percy Crisp, Bob Beam, Bob Springler, and George Antonak, made the nationals in Madison Square Garden. Congratulations Mr. Morgan and the entire team.

BASEBALL

Mr. Sochan

Each spring, our national sport and the favorite of millions of Americans, young and old, provides entertainment and the opportunity for a baseball player to exhibit his athletic ability. Under the able direction of Mr. Sochan, our boys spend many long hours practicing, working towards teamwork and maintaining standards of high morals and fair play in this competitive sport. As a result of their continuous efforts, baseball fans in Scotch Plains-Fanwood are always interested and pleased to support our worthy team.
