

1962-63 Team

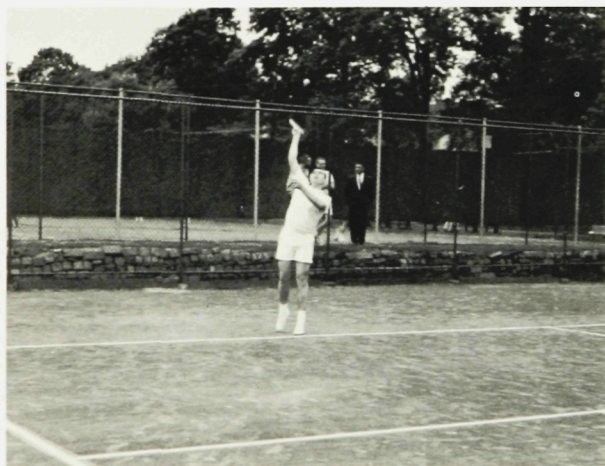

A little coaching sometimes comes in handy.

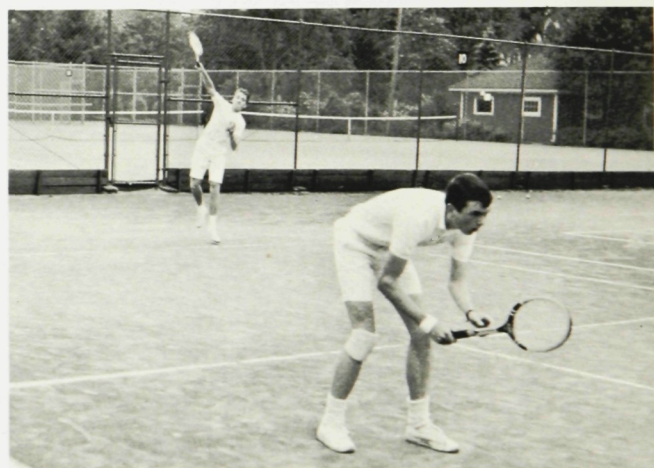

GOLF

Mr. Formichella

This six-man team has been in existence for five years, playing against other schools in state and county meets. Under the guidance of Mr. Formichella, the boys practice every day, including Saturday and Sunday. As a result of their hard work, they took second place in a new Watchung Conference meet in golf. Although little publicized and not yet a Varsity team, this group ranks among the top twelve in the state.

"Now if I get this point it will only be 40-15."

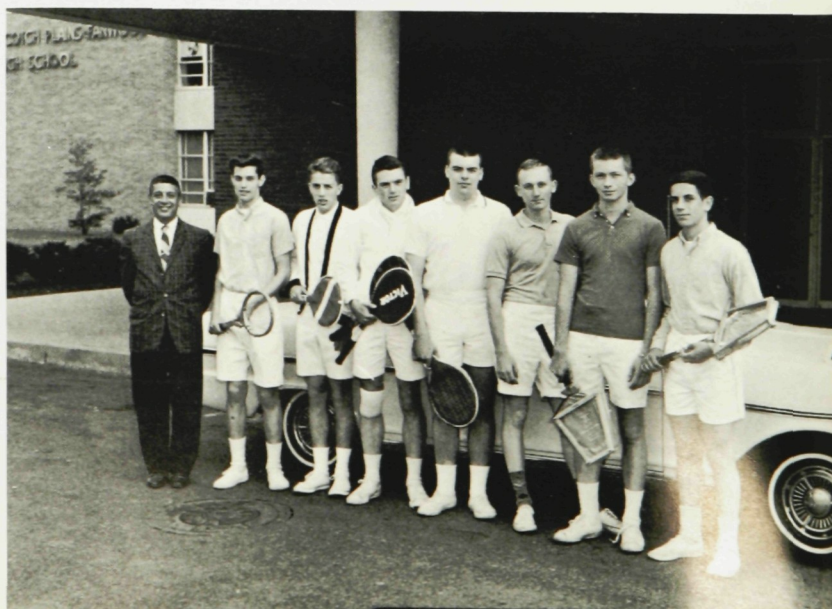

One of our doubles teams.

TENNIS

Mr. Esposito

Tennis is a relatively new sport at S.P.F.H.S. and it has been met with great enthusiasm, especially by the tennis-loving boys at our school. Under the able coaching of Mr. Esposito, who is a fine tennis player himself, the boys gained a great deal of experience in this fast-moving sport.
