"Hmm . . . not bad for an amateur."

Miss Young

Fascinating painting, sculpture, and mobiles come from the art room. Under the direction of Miss Young, each student develops his own potential. The product of their efforts is displayed in the showcase in the main hall, and whether it be the line drawings of a first year student or the beautiful oil color of the advanced student, we can see easily that much is gained from our Art Department's efforts.

READING DEPARTMENT

Mr. Maloney

The six weeks spent in the Reading Department benefit the student tremendously. It is here that he is taught the fundamentals of combining speed reading with accuracy and comprehension. Each student is able to work at his own speed with the help of the tachistoscope and other new equipment. Since 1955, when this program was innovated, it has grown in scope and popularity to become a valuable asset to the academic life of S.P.F.H.S.
