SCOTCH PLAINS-FANWOOD HIGH SCHOOL

SCOTCH PLAINS, N. J. Fanwood 2-7966

To Whom It May Concern:

This has been a year of hard work and long hours for my editorial staff, and I would be remiss if I did not take this opportunity personally to thank them and congratulate them for the excellent product of their efforts. I hope they feel it is worth all that was put into it.

I would also like to thank

Mr. Adams and Mr. Volpe for their interest and encouragement in the yearbook;

Dr. Paul Rossey and Dr. John K. Reckzeh for the excellent aerial picture of the school.

Our helpful advisors, Mr. Armerding, Mr. Evans, Mr. Ratner, Miss Davis, and Mrs. Bihler, who did everything for us from writing a myriad of passes to climbing up on the library roof for the "Most Likely to Succeed" picture. Their special understanding of us and the yearbook and their perpetual good humor made this past year very pleasant;

The Business, English, and Physical Education Departments for the use of their duplicating machines;

All those who helped during the tedious picture-taking sessions;

Mrs. Volpe, Frankie, Debbie, and Cathy for their patience during a photography session (getting an excuse from school that day was rough!);

Bob Taylor for his affability in taking what seemed like scores of last-minute snaps;

John Heisch and Ed Henley for the use of some of their unusual shots;

All of our teachers for their understanding about our excuses from class and our borrowing of everything from drums to paper clips;

The secretaries in both Mr. Adams' and Mr. Volpe's offices;

The participants in the rather novel, rather zany presentations of the Senior Superlatives, the Irving Awards;

Mr. Everett and the Rae Publishing Company for their willingness to help and their many ideas and suggestions;

Lorstan Studios for its cooperation and fine pictures;

And finally, you, the Class of '65. It was through your support and our combined efforts that CULMEN 1965 was assembled. I hope you reap as much enjoyment from the finished product as my staff and I did in compiling it.

Sincerely,

Mary Rummells

Editor-in-Chief
