

MR. SCHNITZER

## Assistant Principals Deal With Curriculum And Disciplinary Problems

Also holding the title of Director of Athletics, Mr. Schnitzer is probably more widely known to all as assistant principal of S.P.F.H.S. In that he is in charge of student conduct, Mr. Schnitzer is the administrator having the most direct contact with the students themselves.

The increase in enrollment at S.P.F.H.S., and the more diversified curriculum necessitated the addition of a second assistant principal. Filling this position is Mr. Cerasa. Although he does not come into contact with the students themselves, Mr. Cerasa aids in planning their courses of study. Frequently seen sitting in the classroom itself, he also observes and works with teachers.

MR. CERASA
