

GIRLS' TRACK AND FIELD SEASON ENDS WITH IMPRESSIVE RECORD

Track and Field is a sport which signifies work and self-discipline. Although the girls often play as a team, it is an individual sport that requires exhausting work and dedication. The pressure of competing with yourself as well as with other teams makes track and field a demanding sport. Under the coaching of Miss Kesting, the girls finished with improved skills and an impressive record.

Archery, another spring sport, develops concentration and accuracy. For the bowman it is an impelling and satisfying sport. When Archery was first introduced at S.P.F.H.S. it made an impressive start but this year's team was not as fortunate as the previous year. Due to bad weather and lack of equipment, it was possible for only a few practices to be held.

Gerri Shultz takes a running start to receive the baton from Karen Schmitz.

Gerri Schultz gets into position in case the ball comes her way.

Last one to the locker room is a rotten egg! Karen Schmitz, Gerri Schultz, Kathy Licwinko.

Kathy Licwinko prepares to shoot herself into space.
