MALESKI RETURNS AS A-V EXPANDS ITS SERVICES

The Audio Visual Department this year welcomed the return of Mr. Frank Maleski from his 1968-69 sabbatical leave. Operated by Mr. Maleski, with the aid of Mrs. Mary Lou Thayer, the A-V Department easily maintained the high calibre of the A-V Club and of the classroom projectionists and increased its facilities and services. Responsible for the maintenance, operation, and distribution of all audio-visual equipment, the department also processed films for other schools, did copy work for the faculty, and operated a graphic arts service.
