

EXPRESSION AND STUDY PROMOTED BY MUSIC DEPARTMENT

Music plays an important part in the lives of everyone, and the Music Department at SPFHS aids all interested students in the realizing of its values. For the serious student, such offerings as Music Theory, Music Appreciation, and Music History were available. The traditional course offerings, ranging from Band and Concert Choir to Las Contadoras and Moonglowers, enabled the student at SPFHS to study and perform a variety of musical works. Over all, the Music Department offered the musically-inclined student the chance to explore the many aspects of music and the abundant careers that are open in the music field.

The choir performs an inspiring rendition of "Mary Had A Little Lamb" in three parts.

Mr. Checchio watches his fiddlers on the loose.
