

*Summer approaches swiftly
Wrapping us in light and warmth
Dimmed only by the losses
Of what were Autumn, Winter, Spring;
So coldly forgotten by Time,
Alive only in our hearts.
The seconds tick by quickly,
We stand alone and
In the stillness
Remember.
Tears —
Disappointments, problems, fears,
sorrows, cloudy days.
Smiles —
Joys, excitements, friendships, Love,
blooming flowers.
Summer comes.
The year ends.
And we step forward
While looking back.*
