

We Are the Music Makers!

It is important for every person to have an outlet to utilize his skills. Music is one of the ways which such a fulfillment can be accomplished. Many students used the 1970-71 Music Department as a channel for sharpening their musical experiences.

Supervised by Mr. Joseph Checchio, the Music Department made several additions to its curriculum. Students were offered Music Theory II and Music History-Literature courses. Added to the usual concert programs were a winter Band Concert, and a student recital evening featuring soloists and small ensembles.

The Department was divided into three types of musical presentations — Choral, Orchestra, and Band. Each division proved effective in presenting respective audiences with entertaining programs throughout the school year.

JOSEPH CHECCHIO

"Maybe you'd do better with your glasses on, Jeff." Jeff Weed, Mr. Checchio.
