

... A Time to Unite

... finding oneself in an in-between state
... emerging from sophomore to senior ...
experiencing ... adding to last year's gains
... anticipating next year's promise ...
growing as individuals ... growing as a
whole ... realizing the complications of a
more stringent academic life ... feeling a
sense of security ... of belonging ... par-
ticipating in various club projects ... initi-
ating new club activities ... cultivating
ideas from the varied elective courses un-
available last year ... exchanging thoughts
... a time to share ... to grow closer ...
to work together ... candy sales ... a win-
ning float for Homecoming ... *Inherit the
Wind*, a concentrated effort of the class ...
building for the future ... investigating
career and college opportunities ...
PSAT's and finally the SAT's ... standing
between the entering and leaving of high
school ... learning from one ... preparing
for the other ... moving on. ...
