

## Aviation Club

. . . "Who said man wasn't meant to fly?"  
. . . not the Aviation Club . . . planning flight  
trips . . . visiting Morristown Airport . . . "I'm  
in the plane, now what?" . . . informative  
meetings demonstrating flight procedures . . .  
increasing female participation . . . providing  
experience for future flights . . . one member  
pursuing a flying career . . . discovering the  
eagle's domain . . . the freedom of flight. . .

*Aviation Club's ground crew: John Corona, Robert Grosso, Linda Clark, Kathy Sullivan, Mike Donahue, Bob Little.*

*The Astronomy Club's own stars: Gary Gaweski, Pete Bianchi, Mr. Malpas, Neil Piscitelli, Bob Denitzio, Rich Sumner, Ken Forster.*

## Astronomy Club

. . . communicating with life in other galaxies? . . . exploring  
the realm of constellations, planets . . . capturing the mysteries  
of the universe through astrophotography . . . building new-  
tonian reflecting telescopes for improved observation . . .  
signals stemming from Orion? . . . yearning for sophisticated  
equipment . . . investigating, researching . . . exploring  
happenings beyond our world . . . solving the puzzles of the  
universe. . .
