

"Hey, why don't you pick on someone your own size?" Joseph Ascolese.

"Dear Santa . . ." Coach Formichella.

HEALTH & PHYSICAL EDUCATION DEPARTMENT

Being one of three schools in the state offering a completely elective program, the Health and Physical Education Department is unique in its attempt to accommodate the interests of all students. Courses to be offered are dependent on their popularity, availability of staff, and gym facilities. Three new teachers were added to the Physical Education Department this year. Also new this year was a senior health course, Cycles of Life, which attempted to help students understand and cope with the stages of life. Sophomores were required to take a basic Sex Education course. Equipped with many facilities and a qualified staff, our Health and Physical Education Department is prepared to meet the interests of each student while benefitting his physical and emotional development.
