*"Would you kindly stop reading over my shoulder?"  
Irwin Kaufer.*

## READING DEPARTMENT

The general goals of the Reading Department are to increase vocabulary and comprehension, improve basic reading skills, and promote an interest in books among students. The department does this by offering a series of specialized courses, all of which allow the students to work at their individual pace. Visual materials, techistoscopes, and controlled readers are just a few of the reading aids incorporated into the program. Next year, a new course entitled, "How to Study for College," will be introduced to assist students in preparing for their post high school education. The Reading Department strives to create an atmosphere where students can progressively improve their reading ability.
