## GUIDANCE DEPARTMENT

To promote understanding of the high school's curriculum the Guidance Department sponsored Sophomore and Junior Parent Nights in January. A panel of counselors was present to answer parents' questions. This program was a supplement to the Program of Studies booklet, published by the Guidance Department, containing course descriptions. Another offering was College Night during which parents and students talked to participating college representatives. A major change in the department this year was a sad one. The Guidance Department and the entire school regrets the death of George Bryan, a dedicated counselor for the past six years at SPFHS. Veronica Sidhu assumed the vacant post.
