

FIRST ROW: Robert Brown, Marvin Piland, Joseph Checchio.

"Mary had a little lamb, little lamb . . ." Marvin Piland.

"As they say in music lingo, if the scale's too high, a lot of people are off key." Joseph Checchio.

## MUSIC DEPARTMENT

The Music Department offered varied courses for all students with an interest in or talent for music. Students participated in orchestra, concert band, marching band and choirs. This year's band, the largest in many years, was expanded and improved. Mr. Piland taught students music techniques individually during their free periods. As a result the musicians' skills were able to meet the challenge of such complicated musical works as Chorale, Alleluia, and Pageant.
