

ART DEPARTMENT

"Van Gogh is the sunshine of my life." Elinor Young.

No major changes were made in the Art Department this year. Many specialized courses were offered to meet student needs. The Art Department hoped to reach students who were seeking a career in such art-related fields as designing, calligraphy, photography and arts and crafts, as well as students who enjoy art as a form of self-expression. The art rooms were open to all students for use during their unassigned time.

Virginia Malpas demonstrates how to mold rabbit ears.

"If you follow the numbers you too can paint the Mona Lisa." Richard Lupo, Janet Palenchar.
