*We arrive in this world alone . . . this time called  
life was meant to share.  
Under the cover of the stars,  
under the cover of the sun fermented into eternity.  
There lies a precious moment of time we call life.  
A gift of Creation.  
We are given minds to discover,  
talent to create,  
curiosity to gain knowledge,  
insight to build,  
emotions to communicate our feelings,  
and movement through our physical body.*

*Open your gift!*
