

DATA PPROCESSING

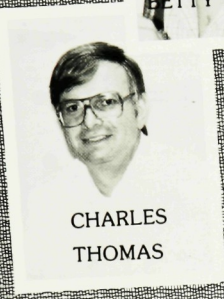

BETTY LaRUSSO

MILDRED
POLLOCK

This department tends to the daily herculean task of tabulating attendance records for all schools in the district. Utilizing sophisticated equipment, its industrious personnel also produce report cards, calculate class ranks, and store permanent student records. The department serves the community as well as the school by preparing information for various municipal departments such as the Police Department.

HANNAH YESSMEN

MEDIA CENTER AND CIT

The Media Center continuously provides invaluable resources to students and teachers alike. Having one of the largest high school selections of materials and an extremely helpful staff, the Media Center has again earned its laurels for another year of efficient operation. Annually, the Media Center is much utilized, and consequently, the high caliber of almost all research work accomplished by students is, most always, in some way indebted to this fine department for its substance.
