

Mr. Herbert Jensen began his teaching career in this district in 1943. Since then he has put forth many good years of service. In addition to bringing up his two children and becoming a proud grandfather, some of Mr. Jensen's notable accomplishments have been coaching the basketball team, writing "The History of Scotch Plains" and introducing the course "Sports in America". Most importantly, Mr. Jensen has helped make history come alive and be enjoyable for many students. For his many valuable years contributing to this high school, we wish to proudly dedicate the 1983 *Culmen* yearbook to Mr. Jensen.
