Kathy McKenna — President of Public Relations
Karen Kirkland — Commissioner of Finance
Ellen Smith — Commissioner of Human Relations
Lee Tomkin — Commissioner of Legislation
Chris Evans — Commissioner of Organization

The Student Government Association is one of the most vital organizations in the high school. The officers and its new advisor devote second period each day to provide the school with new services and exciting activities to promote school spirit and better the relations with students and faculty. Among the traditional activities, were the Homecoming ceremonies, carnation day and the Blood Drive. There was also the interesting and amusing computer dating and the unforgettable homecoming dance.

In addition, the Student Government Association sold the General Cinema Movie Tickets at a discount price as a new service for the school. And of course, the highlight of the year was the wrestling show that delighted fans with its grunts, groans, and spectacular leaps.

Besides these activities, the Student Government Association is responsible for all elections and for the coordination of fundraisers. The variety of activities range from organizing a blood drive to sorting and distributing 2,000 carnations.

In addition, the club is always eager to investigate new ways to serve the students of our high school.
