The Student Leadership Conference consists of six major groups. Each group works independently. All the groups work as a team. In these groups there is no assigned President or Advisor. The group is run by the students. Teamwork is of key importance for these groups.

Each group has its own fundraisers to raise money for community and school projects. In fact, one SLC group raised \$4,000 dollars and built the marquee in front of the Scotch Plains Municipal Building.

These groups meet on an average of once a week. They get together and discuss ideas trying to improve our school and community. In September the SLC group went away for a weekend to the Student Leadership Conference. This year the Conference was held at a YMCA Environmental Camp at Greenhill New York. There they learned how to make decisions. They learned how to lead groups, mainly how to work effectively as a team so that they may transfer this leadership into community service.
